

#12-238 Concrete Wheelbarrow Mixer

This portable concrete mixer has a molded blade mixing system, making it easy to mix concrete on the spot. The unique helix-shaped polyethylene drum is resistant to dents, cracks and rust, and easy to clean. Drum holds up to approximately 180 lbs. of concrete or mortar to shorten work time.

Features

- Easy transport on the job
- Bladeless mixing drum
- Adjustable handles with rubber grips
- Easy to clean
