NASBITE International Honors Bon Tool Company as an Outstanding Exporter

(GIBSONIA, PA, USA) – NASBITE International recognized Bon Tool Company as an Outstanding Exporter at the Eighth Annual National Small Business Exporter Summit on October 23, 2024. Bon Tool Company was selected for its demonstrated excellence in export growth and innovative approaches to international sales.

“Amidst an international business environment that has been in flux for several years, Bon Tool Company has sustained growth, thanks in part to the diversity of their international customer base,” said Mike Seibert, CGBP, president of NASBITE International. “As the leader in practical export education for small business, NASBITE celebrates the success of Bon Tool and thanks the company for sharing their international trade experiences with U.S. small businesses and educators at the National Exporter Summit.”

“We are honored to be recognized as a NASBITE International Outstanding Exporter,” said John Bongiovanni, President at Bon Tool Company, “It’s a testament to the vision, hard work and dedication of our team at Bon. We’re proud of what we’ve accomplished together as we navigated the unanticipated challenges of the past few years.”

NASBITE International created these awards, along with the National Small Business Exporter Summit, as a way to bring together top small business exporters, trade professionals and trade assistance providers from across the country to connect with one another, and to share best practices and lessons learned. Companies are nominated as honorees for the National Small Business Exporter Summit by leading trade assistance organizations and associations from across the country. These companies have demonstrated export growth and an innovative approach to international marketing as part of their core business operations.

From the invention of the Bon Masonry Guides over 60 years ago to the introduction of the first-ever stainless steel Bullet™ Groover and the Keystone Forged™ Masonry Trowels, Bon Tool Co. remains committed to the development and improvement of products for today’s professional contractor.
